

**Description:**

The ATRA® Tendon Clip is a molded, high strength load transfer device with a locking member and post.

The ATRA® Tendon Clip is used to transfer driving gravitational forces from the GEOWEB® cell walls to the tendon and crest anchorage system. The device includes a structurally reinforced post and locking member with frictional barbs for improved interlock with GEOWEB® surface texture. The ATRA® Tendon Clip is inserted through the I-slot and turned 90 degrees to lock the device into place. Once locked into place, the ATRA® Tendon Clip is positioned to facilitate the intended load transfer effect. If removal is required, the ATRA® Tendon Clip may be unlocked and removed by turning 90 degrees from the locked position and removing the device from the I-slots.

When the ATRA Tendon Clip load transfer devices are connected, the complete tendoned GEOWEB system may be efficiently pre-assembled at the crest before expanding the sections down the slope.

**Material:** Polymeric Composite Material

**Construction:** Injected Molded

**Color:** Black

**Dimensions:**

Length: 3.0 in. (76.2 mm)

Width: 2.75 in. (69.85 mm)

Thickness: 0.5 in. (12.7 mm)

**Pull-Thru Resistance:** 420 lbs. (1.87 kN)

**Chemical Resistance:** Comprised of nonreactive, chemically-inert material

**Other Properties:** Mildew Resistant, Non-Corrosive

**Conductivity:** Non-Conductive

## DISTRIBUTED BY:

ASP Enterprises, Quick Supply Co., Bowman Construction Supply & Cascade Geosynthetics are sister companies that serve customers from the Midwest, across the Rocky Mountains to the Pacific Northwest. Together we supply customers with a variety of environmental construction materials including erosion and sediment control, geosynthetics, stormwater management, drainage products, hardscapes and outdoor living, revegetation and soil amendments, waterproofing solutions and more.

We are full line distributors of environmental construction materials for all project types. Contact us for assistance with a project or a quote on products. From specification recommendations and project development to installation and completion, we're here to help with all of your site solution needs. Our warehouses are stocked with readily available inventory and we offer same and next-day deliveries.
