

INSTALL WITH CONFIDENCE

America's Most Trusted Polymeric Jointing Products

Techniseal Polymeric sands are made from domestic and foreign materials.

Techniseal Polymeric sands contribute to LEED credits, based on the use of regional and recycled materials.

Techniseal Polymeric sands are well below OSHA's respirable crystalline silica limits ("RCS") for construction material.

NOCO™

Zen at Work

Easy, fast and clean, NOCO is the first true alternative to mortar and stone dust.

NEW

NO COMPACTION

- Compressive strength that is perfectly adapted to installations where compaction is not possible or not traditionally used.
- Stays flexible and responds to ground movements that could cause the joints to crack and break apart or damage the stones.
- Strongly adheres to the inner walls of pavers and stones without ever contracting.

Ideal for flagstones, pool decks, patios and walkways

- The first polymeric jointing product made specifically for surfaces that are not suited for mechanical compaction.
- Can be used with a hard base or a cement/sand base.
- Clean, easy, fast and durable alternative to mortar jointing and stone dust.
- For residential and commercial projects.

For joints from 1/4 to 4 inches wide

- NOCO's specially selected sand flows smoothly and evenly into joints.
- Techniseal's binding technology results in impervious joints with great resistance to weed growth, insect invasion and erosion.

Applications

- Natural stones, concrete pavers, wet cast pavers, large slabs, and highly textured surfaces where a plate compactor can't be used
- Concrete overlay or cement/sand bedding installations
- False joints

- 1** Spread and fill the gaps

- 2** Level with blower

- 3** Activate by watering

SOLUTIONS WE SUPPLY

GEOSYNTHETICS

Filter Fabrics

Stabilization Fabrics

Geogrids

- Road Grids
- Wall Grids
- Slope Stabilization

Specialty Fabrics

Composite Geomembranes

- GCLs, PVC, HDPE, LLDPE, EPDM, Granular Bentonite

SEDIMENT CONTROL

Inlet Protection

- Grated Inlet, Curb Inlet, Area Inlet Protection

Ditch Checks

- Triangle Silt Dike
- GeoRidge

Perimeter Protection

- High and Low-Porosity Silt Fence, Straw Wattles, Silt Socks
- Safety Fence

Flocculants & Water Treatment

- Polymer-Based & Natural Flocculants

Sediment Basin Skimmers

Dewatering Bags

Trackout Control

- FODS
- Rumble Grates

Turbidity Curtains

EROSION CONTROL

Basic Hydraulically Applied Mulches

- Wood
- Paper
- Blends
- Straw

High-Performance Hydraulically

Applied Products

- BFM
- FGM
- Additives & Tackifiers

Temporary Erosion Control Blankets

- Coir & Jute Mat/Nettings
- Short-Term ECBs
- Extended-Term ECBs

Permanent Erosion Control Blankets

- Turf Reinforcement Mats
- HP-TRMs
- Anchor Reinforced Vegetation System

Structural BMPs

- Transition Mats
- Geoweb Cellular Confinement
- Composite Vegetated Armor System
- Flex MSE Vegetated Wall System
- Articulated Concrete Block
- Gabions
- Grout-Filled Geotextile Mats

Vegetation Establishment

- Native Seed & Turf Seed
- Fertilizers
- Organic Soil Additives
- Stratavault Soil Cells

STORMWATER MANAGEMENT

Water Quality

- Inlet Filter Boxes
- Pre-Treatment Chamber
- Nutrient Separating Baffle Boxes
- High-Flow Biofiltration Media
- Hydrodynamic Separators
- Stratavault

Water Quantity

- Modular Underground Storage Systems
- Chamber Detention Systems

Drainage

- HDPE Swale Liner
- Pipe & Fittings
- Drainage Composites
- Strip Drain

Inlet Structures

- PVC
- Drain Basins, In-Line Drains
- Landscape

Permeable Pavers

- Permeable Articulating Concrete Block
- Grass Pavers
- Gravel Pavers
- Concrete Pavers

SPECIALTY

Natural & Synthetic Coir Fiber Logs

Vegetated Reinforced Soil Slopes

Soil Anchors

Root Barrier System

AquaBlok

Muscle Wall

We are full line distributors of construction materials for all project types. Contact us for assistance with a project. From specification and development to installation and completion, we're here to help with all of your site solution needs.

GEOSYNTHETICS | EROSION CONTROL | STORMWATER MANAGEMENT
SEDIMENT CONTROL | REVEGETATION & SOIL AMENDMENTS
