

# TURBIDITY BARRIERS

Turbidity Barriers are a BMP designed to restrict the flow of sediment-laden stormwater runoff from a construction site, to keep it contained in a limited area, and allow the sediment to settle out before being carried into adjacent or joining watercourses. TOUGH Guy Turbidity Barriers are manufactured by AER-FLO, Inc., the world's largest producer of these critical devices.

**Turbidity Barriers are available in two different forms:  
Floating and Staked.**

Floating Turbidity Barriers consist of a top flotation boom, an impervious fabric curtain extending downward under water, and a heavy galvanized steel chain sealed into a hem along the entire bottom of the curtain to provide ballast to keep the curtain vertical in the water. End hems are sealed around a rope and grommeted to allow attachment to each other with rope or bolt/nuts/washers. **Color** is Tough Guy Yellow.

**There are three major design types of Floating Turbidity Barriers:** Type1.dot, Type2.dot and Type3.dot — and all meet or exceed all known federal and state governmental specifications, including NPDES Phase II requirements.

**SOLD ONLY BY AER-FLO DISTRIBUTORS**

## DISTRIBUTED BY:

ASP Enterprises, Quick Supply Co., Bowman Construction Supply & Cascade Geosynthetics are sister companies that serve customers from the Midwest, across the Rocky Mountains to the Pacific Northwest. Together we supply customers with a variety of environmental construction materials including erosion and sediment control, geosynthetics, stormwater management, drainage products, hardscapes and outdoor living, revegetation and soil amendments, waterproofing solutions and more.

We are full line distributors of environmental construction materials for all project types. Contact us for assistance with a project or a quote on products. From specification recommendations and project development to installation and completion, we're here to help with all of your site solution needs. Our warehouses are stocked with readily available inventory and we offer same and next-day deliveries.
